

Story : The Lost Scroll of Alexandria

The Tale :-

In the ancient city of Alexandria, a young scholar named Elias uncovered an old parchment hidden in the ruins of the legendary library. The parchment contained a strange set of letters, seemingly meaningless at first glance. Legends spoke of a hidden message that only the wisest could decipher. Elias, eager to prove his intellect, knew that the answer lay in an ancient method of shifting letters, a technique used long ago to send secret orders. He examined the parchment closely, knowing that the key to unlocking its mystery was right in front of him.

The Clues :-

1.) [To Unlock The Door of Folders](#)
2.) "A great leader of the past used this method to communicate securely. Solve it to unlock the next door."
